Due to the minimal cases of COVID19 and subsequent transmission in NSW over the last month, we will no longer be restricting entry to people from any area in NSW entering the Club, unless of course they are showing COVID related symptoms.

There has been no COVID related incidences reported in the Shoalhaven area in recent times, and our current risk minimization practices are working to minimize the diminishing risk. Visitors from Victoria are required to have self isolated for a period of two weeks before coming to NSW, as per regulations.

If this is not the case then they cannot be admitted.

We will obviously be monitoring the situation, and can re-implement restrictions as required if the COVID situation worsens.

Thanks

Phil Ryan
Secretary Manager
